

# Vivint Doorbell Camera Pro

## Porch & Package Protection

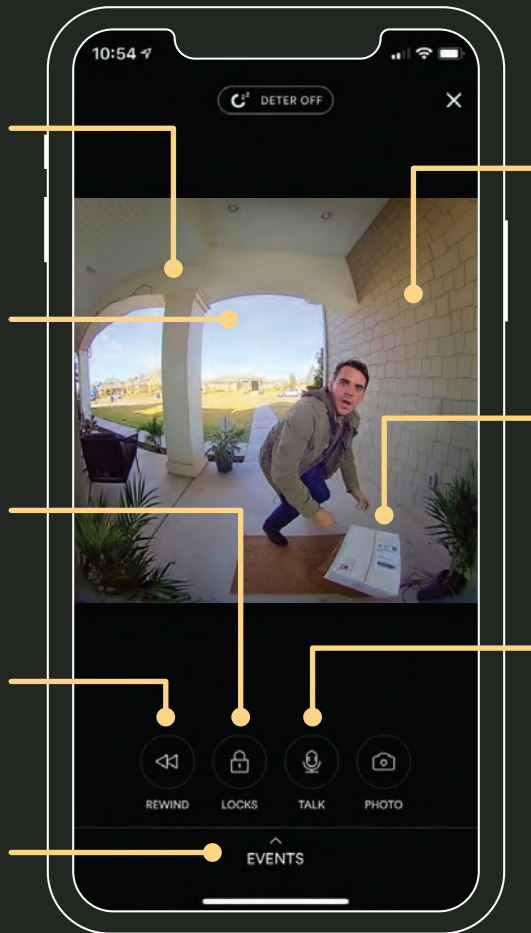

Pinch-to-zoom gives you a closer, HD view.

Smart Detection notifies you of people and package deliveries, not pets or passing cars.

Smart Lock integration lets you let in visitors or deliveries.

Vivint Playback™ gives you 30 days of continuous recording.\*

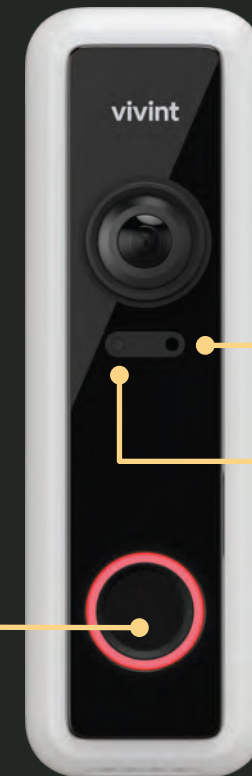

Vivint Smart Clips™ allows you to catch all the action at your door.

A 180° x 180° lens gives you the widest field of view, top-to-bottom and left-to-right.

Smart Deter™ uses the LED light ring and 65dB speaker to let porch pirates know they've been spotted.

Two-way talk lets you answer your door from anywhere.

Microphone

Infrared LED for night vision.

Multiple chime speaker options include your phone, Vivint Smart Hub and Vivint Ping Camera.

\*Requires the purchase of a Vivint Smart Drive.

## Porch & Package Protection

### Why you want it

**Keep packages safe.** Smart Deter™ technology notifies you of package deliveries and deters potential thieves using light and sound.

**Enjoy the tallest and widest field of view** so you can see the faces of tall visitors and packages left right under the doorbell.

**Stream crisp, detailed video** to your phone, day or night, with a 1080p HDR sensor and night vision.

**Answer your door from anywhere** with one-way video and two-way talk.

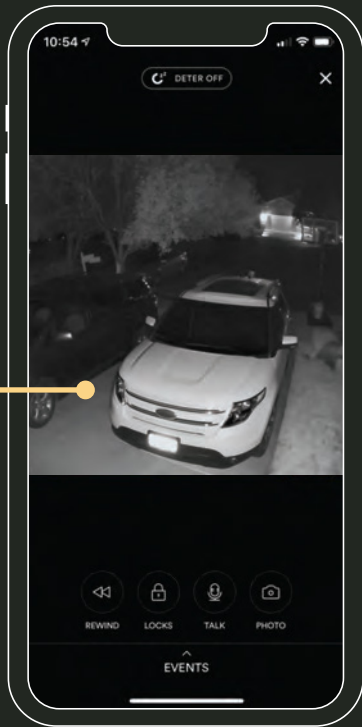

**Catch all the action** with Vivint Smart Clips™ recordings that don't stop until the action does.

Clearly smarter protection

Surveillance zones let you define the areas you want to protect.

A 4k HDR sensor delivers up to 1080p live streaming and recording, even when you zoom in.

Night Vision from high power infrared LEDs.

A wide 140° lens for greater coverage of your yard.

Smart Deter™ uses the LED ring and 85 dB speaker so lurkers know they've been spotted.

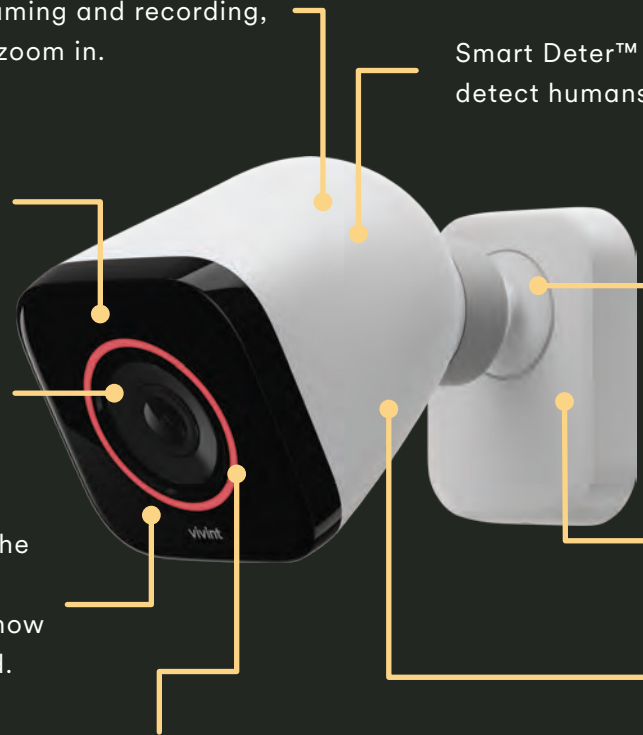

Two-way talk via two echo canceling, far field microphones and 85 dB speaker.

Smart Deter™ uses advanced analytics to detect humans and trigger Lurker Alerts.

360° ball joint for easy positioning.

Hybrid Wired Wi-Fi connection to your system for a smoother video and less buffering.

The Siren Extender uses the 85 dB speaker to sound your alarm outside.
